This Battleground is elevated 15 or 20 feet above the Prairie which bounds it on the NW & SE. and covered with a beautiful grove of W., B. & Span. Oak &c. Almost every tree is more or less scarified by balls. The ground within the Breastwork is yet white in many places with horse-bones, those of the human were gathered some years ago by a company of soldiers sent for that purpose, and deposited in some of the graves before alluded to. And I trust

that this spot will be reserved and placed under the care of some person to prevent any person from settling there, or cutting of the timber, which if let alone will stand for ages, a monument of those departed heroes.

Pursuant to a contract with and Instructions from Edward Tiffin, Surveyor General of the United States bearing date the 26<sup>th</sup> day of August 1828, I have admeasured, laid out and surveyed the within described fractional Township N. 24 North, Range N. 4 West, with the exception of the exterior lines on the South and East Boundary, And do hereby certify that it had such marks and bounds, both natural and artificial as are represented and set forth by this Field Book and returned into the Surveyor General's Office.

Certified this 21<sup>st</sup> day of January 1829

Thomas Brown

Dep. Surveyor

I hereby certify that the foregoing transcript of field notes of the survey of Township N. 24 North, in Range N. 4 West of the 2<sup>d</sup> Principal Meridian, in the State of Indiana, has been compared with the original on file in this office, and found to be correct.
